## Class Descriptions

**Ashtanga: Led Primary Series** is a fluid, athletic yoga sequence consisting of sun salutations, standing, seated and finishing postures that synchronizes the flow of conscious breath, precise movement, specific gaze points and directed energy.

**Ashtanga: Mysore** is where students practice the Ashtanga yoga sequence at their own pace with individual attention from the teacher including hands-on adjustments and verbal cuing. Students may arrive anytime during the class. New students are welcome and encouraged to contact instructors by emailing [mysore@one-yoga.org](mailto:mysore@one-yoga.org).

**Gentle Flow** helps release stress and tension through conscious breathing, gentle movement, and stretching. This class is appropriate for all ages, abilities, fitness levels, and body types, as well as those who are recovering from injury or illness. It is a great option for new students.

**Hatha** refers to the balancing of our receptive and active energies. This balance is achieved through slow-flowing movement, well-aligned postures, breath work, intentional core engagement, and meditation.

**Kundalini** yoga aims to awaken the divine energy that resides in all of us through pranayama, asana, and meditation.

**Meditation** is the practice of resting into the present moment experience of the body and mind. Meditation fosters joy, tranquility, concentration, and equanimity.

**Pranayama** is breathwork and breathing techniques that fulfill different needs from improving energy, focus, and mindfulness to managing anxiety or better sleep.

**Restorative** yoga reduces stress and soothes the nervous system through gentle postures, breathing practices, and meditation.

**Vinyasa** is a rhythmic practice that energizes the body and quiets the mind by using conscious breath to flow dynamically from posture to posture through a variety of transitional movements.

**Vinyasa+** includes intermediate to advanced postures such as binds, arm balances and inversions.

**Yoga for BIPOC** is an all-levels Hatha yoga class offering a healing space for those identifying as Black, Indigenous, and People of Color to help improve their physical, mental, and emotional health and wellbeing. Yoga for BIPOC is an entry point for people new to yoga, as well as a means for those with yoga experience to continue to evolve their practice.

**Yoga for Queer Folx** is an all-levels, straight-free, gentle flow yoga practice. Bring your whole queer self; lean in, be you, and breathe free.

**Yoga for Sleep** begins with gentle movement followed by restorative postures to support your system to prepare for a restful night of sleep. Practice closes with a yoga nidra guided meditation.
